

# Make a Splash 水裡水裡去

Bathtubs today are enclaves that offer a relaxing retreat from everyday stress

暢快浸浴享受 煩惱盡消

## Duravit: Cape Cod

Bad boy French designer Philippe Starck was inspired by the forever summer relaxed vibe and sandy beaches of Cape Cod for his bathroom furnishings named after the Massachusetts peninsula. The bathtub in this collection is a gently curving sculptural monolith comprised of an innovative material called DuraSolid A. With a warm look and matte appearance, its built-in ergonomic headrest allows for long, comfortable soaks. Available in freestanding, back to wall or corner version for left or right side, the tub can be integrated with an air whirl system or sound system, the latter operated by Bluetooth compatible devices.

Cape Cod乃位於美國麻省的一個半島，以綿延的沙灘聞名。當地清澈湛藍的海水與黃金般的幼沙成為了法國設計師 Philippe Starck 的靈感泉源，其浴缸設計以此命名。Cape Cod浴缸系列以創新物料DuraSolid A製成，圓滑的線條，配上啞色表層令整體感覺溫暖自然；配合以人體工學設計的頭枕，令浸浴更舒適自在。浴缸款式多樣，設獨立式、背牆式、左側或右側角位。浴缸還可加設精心設計的氣噴系統或音響系統，後者兼容藍牙裝置。

## Claybrook: Evolve

The romance of Victorian roll top, cast iron, claw foot bathtubs gets a contemporary spin with Evolve. Made from Claybrook's unique reconstituted stone MarbleForm, the 1850 by 900-millimetre tub's bell-like proportions were modelled after antique bathtubs carefully studied by the in-house design team. Its simple form, central overflow and pop up central drain fits seamlessly into traditional or modern interior concepts. It is available in standard colours such as Pearl, Dune or Sable, as well as two-tone effects combining Armory Grey and Dover White. The tub can also be finished with bespoke colours.

Claybrook的Evolve系列浴缸採用維多利亞式設計，缸身以鑄鐵製造，配合精雕細琢的水龍頭及爪形缸腳，帶出浪漫情調。系列材質選用品牌獨家石材 - MarbleForm製成，經過設計團隊的細心研究，最終採用1850mmX900mm的鐘形比例。簡約設計，加上中央去水及彈出式中央排水功能，巧妙地將傳統及時尚結合。浴缸有多色選擇，如珍珠色、象牙色及深褐色，還有混合色，顏色可因應客戶要求訂製。

## TOTO: Neorest LE

Emitting its own halo, this bathtub from Japanese firm TOTO is made from Hi-Crystal, a hybrid epoxy resin typically found in the wings of airplanes. Its translucent appearance masks that it is also highly durable and scratch resistant. A calm, glass-like white in daylight, the tub's embedded LED lighting is diffused to make the entire unit glow at night. Neorest LE's smart features include automatic cessation of water flow, pre-set time interval water flow stoppage and easy to lock or unlock button controls. The tub is part of Germany's Red Dot Design Museum's permanent collection of excellent contemporary products.

這款浴缸採用了Hi-Crystal質料，是一種混合環氧樹脂，一般用於飛機的機翼。這種材質可營造澄澈透明的視覺效果，同時使浴缸更耐用，防刮花。浴缸呈半透明玻璃狀，配合嵌入式LED燈，散發光影流動的美感。其他智慧功能包括自動停水、預設水流時間和上鎖功能。系列已被列為德國Red Dot設計博物館永久收藏的優秀現代作品。

## Bettelux: Shape

Delbruck, Germany-based Bette's Shape is more than a bathtub. The enamel container is suspended upon a single steel frame — evoking memories of a hammock on lazy days. The cubic structure dematerialises, making the entire tub appear to float. Elegant details include tub edges flush with the frame and no visible overflow. Play with contrasting colours of enamel against six fashionable epoxy coated shades of metal, or have them match for a seamless look. Designed by Tesseraux + Partner of Potsdam, Germany, Shape comes with a suspended washbasin and other complementary accessories such as mirrors, towel rails, stools and open shelves.

德國品牌BetteLux的Shape系列浴缸以搪瓷為材料，堅固耐用，著重整體線條，並以鏤空的四方鋼架支撐，令浴缸猶如懸浮半空，玩味十足。浴缸四邊緊接框架，配合隱藏式去水位置，簡潔優雅。框架顏色備有六種環氧金屬塗料可選。產品出自 Tesseraux & Partner, Potsdam 的手筆，同款系列有懸空式洗手盆、全身鏡、毛巾架、浴室凳及架子等。
